COMMENTS

On May 20, 2003, Commercial Radio of Harrison (hereinafter "CRH"), filed a Petition for Rulemaking requesting allotment of FM Channel 280A as an additional local service to the city of Harrison, Michigan. CRH also indicated its present intention at that time to apply for use of the channel if allotted, and if authorized, to build and operate a station promptly. On July 25, 2003, the Commission issued a Notice of Proposed Rulemaking ("NPR") DA 03-2430 which assigned file number RM-10720 to the CRH petition and initiated MB Docket No. 03-176 to further consider adoption of the proposal. The instant Comments are filed in response to that Notice of Proposed Rulemaking.

In response to the NPR, CRH hereby incorporates by reference the representations included in its above-referenced Petition for Rulemaking and specifically restates and re-verifies here its present intention and commitment to apply for the channel if it

is allotted and, if authorized, to build and operate a station promptly on that channel.

Wherefore CRH respectfully submits that, for the reasons stated in its Petition and in the FCC's NPR, allotment of the new channel 280A to the city of Harrison, Michigan, would be in the public interest and requests that its Petition be granted and the FM Table of Allotments modified as requested.

Respectfully Submitted,

COMMERCIAL RADIO OF HARRISON
